Mr. Christopher Doerr, Jr.
Sales & Acquisitions Director
General Aviation Services
430 Telser Rd.
Lake Zurich, IL 60047

Dear Chris:

Thank you for handling the recent sale of our Mitsubishi 300 Diamond 1A. The transaction went quickly and smoothly. Within one week of our agreement a deposit was made for the purchase, and two weeks after our sales management agreement the sale price was wired to our bank account. Either you are very good or very lucky, or both.

The entire transaction was done in a very professional manner. You will be the first one to call for future aircraft acquisitions or sales.

Yours truly,

Dear Chris,

Changing aircraft is like working on a giant jigsaw puzzle where all the pieces need to fall into place at the right moment. Selling the current aircraft to maintain "Like Kind" tax treatment and buying the new aircraft to fall into the same time frame is difficult. In addition, there are hundreds of little items that need to, likewise, come together for everything to work. You made a complex transaction look easy.

We were very pleased with the aircraft's exposure in the market place, the activity you were able to generate, and you obtained a fair market value for the aircraft.

Thank you for the assistance in selling our Hawker 800A, s/n258059. Please use our Company as a reference in the future.

Regards,

A handwritten signature in blue ink that reads "Henry W. Kneuppel".

Dear Chris:

I would like to express my gratitude and appreciation to you for bringing your expertise in the sale of my Piaggio Avanti II position. Your team brought a client willing to purchase the aircraft at a premium within 60 days of listing with you. It's not too often that you find a team, such as yours, that is as dedicated to their clients' needs and protection in today's aircraft market place. Your knowledge, reputation and connections within the industry certainly helped our negotiations with the purchaser.

Trust between our two companies was one of the biggest factors when I decided to choose General Aviation Services to list my aircraft. You did exactly what you said you would do for a very fair fee.

As a result of your team's professionalism and knowledge of the industry, doing business with General Aviation Services was a true pleasure. I would highly recommend your services to anyone after this positive experience. I can assure you that you will be the first one to call the next time your services are needed.

Best regards,

Keith Stoltz

Dear Chris and Chris:

Thanks for your excellent service these past few months. I have used four brokers over the years, two small and two large, and GAS was by far the best. I was impressed by the transparency, honesty, value, service, quality of the people and attention to detail. I would not hesitate to use GAS again on the buy or sell side of an aircraft transaction.

Sincerely,

Francis C. Farwell
